

Join us in celebrating the 100<sup>th</sup> Anniversary of the Milford Campus Bridgeport Hospital by purchasing a brick in the Garden of Life at Milford Campus.

This is your opportunity to leave a lasting legacy, memorial or tribute to someone special. The Garden of Life is located at the front of the main entrance to the Milford Campus. This area serves as the focal point to all those who enter the hospital while also providing a place of serenity and reflection.

Your gift to the Garden of Life will not only honor or memorialize a special person, but will also support the renovation of the age friendly improvements of the 3 East unit at Milford Campus.
